

TRACTOR CHALLENGE

2 COASTLINES, 2 TRACTORS AND 2 IDIOTS!!

Blue Force Chairman Philip Gibson and Treasurer Peter Plehov are planning to do a road run with a difference in 2017, which will take in most of the coastline of England, Wales, Scotland and even part of Ireland.

The aim is two fold: first is the once-in-a-lifetime chance to celebrate 100 years of tractor production started by Henry Ford and encompassing Fordson, Ford and New Holland machines built in Cork, Dagenham and now Basildon, and secondly to raise money for registered charity STEPS, a childrens care centre and also Cancer Research UK.

This will be done with two New Holland tractors kindly loaned by New Holland; one towing a Shepherd's Hut which will be the accommodation for Philip and Peter for up to six weeks, and the other a trailer carrying fuel, oil and supplies, etc. The run will take place in April/May 2017 starting from the New Holland factory in Basildon, Essex
